-how does Locke know that Hurley's name is Hugo?

---2.11, Hurley gave him the manifest after he took the census.

-how did the Black Rock boat get into the middle of the island?

---6.9, it was a crazy storm when Richard came to the island.

See why I love this show.

The obvious question that they just started to discuss is why are they even on the island? Sure it's obvious, but is it a govt plot? Some kind of greater magnanimous act to save them?

Season 2

-what is the Dharma Initiative really about?

---3.20, doing some 'research' on the island obviously (what is it though?)

David Parker

LOST - Notes, thoughts, and questions

---5.X, something to do with the electromagnetic fields.

*2.1 ***** Jack

-*who's Desmond? (the guy Jack knew from the past in the hatch?)*

---2.23, He came alone.

*2.3 **** Locke

-*why/how is the girl from the back of the plane working with the Others?*

---2.4, are the Others all from the back of the plane?

-*who are the Others? why are the Others so savage?*

---2.5, that wasn't the Others, but the Others are still out there.

-*what happens for real if the code is not input into the computer in the hatch?*

---2.17, it goes into a 'Lockdown' mode and then...?

---2.23, it goes into Lockdown mode and then the electromagnetic field is not discharged. If the code is input, then it is discharged. The plane crashed due to the code not being input in time.

---5.15, re-affirms the electromagnetic field (2.23)

-*does Desmond know about 'the others'? Where did he go?*

---2.23, Yes, but I don't think he's met them. He went to his boat to try to escape, but never found his way.

*2.4 *** Hurley/Hugo

-*what happened to the people from the back of the plane that didn't make it (of the 23?)*

--did the disease get them? or the monster on the island?

---2.5, I believe it is the others

*2.5 * Jin/Sun

--epic failisode

*2.6 ** Shannon

--Shannon is retarded. Why are people still running through the raining forest (where there are others, monsters, polar bears, etc)?

2.7 * Catch-up of back end plane peeps

-*what did Goodwin mean when he said they took the best of the best (from the survivors)?*

*2.8 ** Ana Lucia

--why is Ana Lucia so freaking annoying? (just like everyone else, it seems)

David Parker

LOST - Notes, thoughts, and questions

--how does Jack know everyone? (seemingly)

****2.9 ** Kate**

-what happens if they contact others with the computer?

--(guesstimate 3.4, absolutely nothing)

--why did Mr. Echo need to ask for forgiveness?

-what happened to the other hatch?

--the other hatch looked abandoned...

-the theatrical glue was Dharma provided (it looked like it was what Zeke was using). What was that about?

-how many of the others are really doctors? Is Ethan really a doctor?

---3.4, at least one other: Juliet is a fertility doctor.

***2.16 ** Sun**

--interesting to hear Locke mention that it was 'his hatch'

--3.2, Sun DID cheat on her husband

****2.17 **** Locke**

-what did Locke see on the giant door things?

David Parker

LOST - Notes, thoughts, and questions

---2.21, a map with multiple Dharma stations on it.

-did Henry Gale kill the black "Henry Gale"?

---podcast Aug 2, 2007 (after season 3 finale), they say that they don't know.

-did Henry Gale do something to actually make the doors go up?

-why didn't Henry Gale run away?

-is Henry Gale an Other 'mole' planted inside the normal's place, such that they are supposed to know that he is an Other?

-who is Henry Gale really?

---3.2, Ben and he's lived on the island his whole life.

---3.20, Ben hasn't lived on the island his whole life.

2.18 * Hurley

--interesting that Libby is one of the patients at the same place Hurley is.

-what is Mr. Echo building?

--guesstimate 2.18 (Tyler), building a church

---2.19, a church

-why did Henry Gale really come back?

-did Henry Gale really not push the bottom?

---2.23 (guesstimate), he must have because the whole thing exploded when it wasn't pushed.

*2.19 ** Rose/Bernard

--Rose knows that Locke couldn't walk before the crash.

-where has Michael been?

---2.22, captured by the Others.

-why/who is Michael running from? *If he's running from someone, why is he running with fire (they would see it!)*

---2.22, he's been let go by the others, but it doesn't really explain why he would be collapsing.

2.20 *** Ana Lucia

--I can't believe that people are still:

--1) walking through the jungle by themselves

--2) opening the door to the vault w/HG when they're all alone

--I can't believe Jack finally admitted to being wrong for once?

-why did Michael shoot Ana Lucia/himself???

---2.22, to free Henry Gale for the Others (he thinks they'll release his son)

-to free Henry Gale? *But by shooting himself, what does he get out of it?*

---2.22, to free Henry Gale for the Others (he thinks they'll release his son)

-was Henry Gale really coming back to get Locke? *Or was he just lying?*

2.21 *** Mr. Echo

-(Tyler) *why are all the Dharma Initiative stations abandoned?*

--Dharma Initiative station Pearl (5) watching all the other stations... the ?... hmmm

-in Pearl, was there someone there recently? *It looked as though there were some cigarettes or something there.*

-in Pearl, where does the camera record to?

---3.5, perhaps the Flame?

David Parker

LOST - Notes, thoughts, and questions

-in Pearl, where does the slot/tube go?

---2.23, it goes to a random field somewhere

-in Pearl, where do they get/keep food?

-what did the others promise Michael?

---2.22, they promised him that they would let Michael and Walt go free.

--why did he have to kill Libby?

--do we get to figure out/know Libby's story or is it insignificant?

****2.22 ***** Michael(*)**

--(*) Michael's character/story is rather unbelievable. As a father who has never really tried to get his son back, his desperate attempts to get him back now make no sense. Why would he kill people and release an 'Other' thinking that the Others will be honest in returning Walt (after attempting to kill Michael before)? This is just lame. But the overall storyline is moving on, so I liked the overall episode.

-who are the Others really (Walt said they were lying about who they are)?

---4.X/5.X, they've been on the island (forever) protecting it from outsiders

-why are the Others interested in those four (Jack, Kate, Sawyer, and Hurley)?

---2.23, Hurley to go back to tell the others not to come after them

---3.4, Jack to do surgery on someone (guesstimate)

-why are the Others making Walt take tests? What tests?

-what did the Other (black woman) mean when she asked if Walt could be multiple places at once?

2.23 *** Desmond**

--interesting that Desmond 'crashed' the plane onto the island. (Electromagnetic field)

--interesting that the General that let Sayid go was the same guy that was in the hatch when Desmond was first there.

--interesting that Desmond said that perhaps the experiment was on the ones in pearl (since the button was real)

-did the others really let Michael/Walt go freely?

---4.8, yes, but now Michael is a spy for the Others

-is HG the leader of the Others?

---3.23, mostly, but he supposedly answers to someone named "Jacob"

-why does HG refer to themselves as the good guys?

---3.23, probably because they think that they're doing right to keep other people away from the island.

-what did HG mean when he said that he got a lot out of Walt?

-what do the Others want with Jack, Kate, and Sawyer?

---3.12, they wanted Jack to save Ben. Kate and Sawyer, dunno...

-why were the Others guarding a door that was a 'fake' hatch door?

---3.1, probably to make Michael think it was real

-where is the Others' real camp? why the fake looking camp?

---3.1, probably to make Michael think they lived that way.

-what happened to Mr. Eko? To Locke? To Desmond?

---3.X, they're okay. They were just around the island. Mr. Eko later died.

-when the electromagnetic went off, how is it that Desmond's former lady (Penny Widmore) knew

David Parker

LOST - Notes, thoughts, and questions

to look for that?

-what was the super bright light?

---guesstimate, the electromagnetic field?

-in the end with the guys in the icy place, were they near the island?

-what were the giant four-toed feet things on the way to the Others' camp?

---5.X/6.X, where Jacob is living. Not sure how long it has been there or how it was built though.

Season 3

****3.1 **** Jack**

--introduced to Juliet

--Jack is still stupidly-stubborn

--The facilities they are at are huge

--significance in where they placed each person: Jack in a locked, dark room (in the aquarium/Hydra facility), Sawyer outside in a locked cage, and Kate in a bright room, not locked, and asked to take a shower?

--The others appeared to live in nice little homes... why are they so hostile?

-what did Juliet mean when she said "that was a long time ago" in reference to the Dharma Initiative?

---5.X, the Dharma time for her was her present in S5, but she may have referenced the fact that she was there in the future (currently present)?

-who was that guy (Karl) locked in a cage across from Sawyer?

---3.23, someone who wanted to date Ben's daughter

-why was Karl locked up?

---3.23, he wanted to date Ben's daughter (and then she could get pregnant and die)

-what is going to happen for the next 2 weeks according to Ben (Henry Gale)-- it's going to be hell?

---3.2, they're apparently putting her and Sawyer to work

****3.2 *** Sun/Jin**

--obvious that they would be listening to everything that Kate, Sawyer, etc say, but what good does it do them? Or does Sawyer really expect to beat them in a fight?

--interesting that Ben "Henry Gale" said he lived his whole life on the island. (3.20, Ben was NOT born on the island!)

*--Sun *did* cheat on her husband! Liar!*

-what are they digging for (the others w/Kate and Sawyer)?

---3.XX, they were building a runway

-if the others can leave the island whenever they want, then why don't they? Sense of control? Destiny? Something else?

-why does Ben not care that Sayid found the fake camp?

-what's up with Rousseau's daughter and Karl?

---3.23, they're kids and they 'love each other'

-is the communication thingy in Jack's cell really broken? How is it that he's hearing all this stuff?

-how did the Others get the communication (broadcast) of the regular people off the island (Red Sox winning World Series)

David Parker

LOST - Notes, thoughts, and questions

---3.11, probably from the Flame (communication) station.

****3.3 ** Locke**

-how did Locke end up with all the hippie marijuana growers?

-how did Desmond know about the conversation/speech that Locke was going to give before he gave it (to save Jack, Sawyer, and Kate)?

---3.8, Desmond can somehow see the future (or parts of it)

3.4 * Sawyer**

--Sawyer (maybe) has a daughter.

-what did Desmond build? A lightning rod (to make glass)?

---3.8, a lightning rod so that Charlie wouldn't die.

-what island do the others actually live on? Where is their camp?

---3.12, the others camp (the barracks) is on the main island.

-is their facility actually on a different island or is the island they are on a recursion of itself?

---3.7, I'm pretty sure that it is actually a different island.

-who has the spinal cord tumor and is that why they really wanted Jack?

---3.5, Ben.

-Juliet said that their charger things didn't work and they've never had a need for them. Do they live in some "utopian society" or what?

---3.5, apparently not. Juliet wants Jack to kill Ben "accidentally" during his operation

****3.5 **** Mr. Eko**

--Am I really expected to believe that people are STILL wandering the island alone?

--Mr. Eko died

-who was eye-patch man?

---3.11, another at the Flame (communications post), Mikhail.

-why does Juliet want Ben killed? (What's the bigger story there?)

---3.7, I'm guessing that she really doesn't want him dead, but she just wants to leave the island (she's been there 3+ years)

-who was that 'being' Mr. Eko's brother?

--Hypothesis: The monster is able to take on shapes of bodies on the island... or perhaps even memories of others.

-why did the monster kill Mr. Eko? Why this time and not last time?

-what did Mr. Eko mean when he said "you're next"?

-what exactly did Locke 'see' on Mr. Eko's stick that got him thinking?

---3.~9, something that pointed him to go North.

-what did Desmond build (the lightning rod)?

---3.8, a lightning Rod so that the lightning would hit the rod and not kill Charlie

****3.6 **** Kate**

--Nathan Fillion is a guest star! Yay!

--Wow. Sayid actually said that it's not safe for people to wander alone. AMAZING.

--Jack used his brain for the last 2 episodes. I'm AMAZED.

-did the others let Jack out on purpose so that he could see Kate and Sawyer together?

---guesstimate, yes.

David Parker

LOST - Notes, thoughts, and questions

-who was the girl on the comm that talked to Jack?

---guesstimate, Juliet.

****3.7 *** Juliet**

--So, Juliet is a fertility doctor. And it appears she signed on to come to the island (though she probably didn't know the details) and she's now been told by Ben that she can leave (after 3+ years)

--Ethan helped 'recruit' Juliet, which means he was both on and off the island.

-why do the Others need/want fertility doctors?

---3.16, the women on the island are not able to have kids/be pregnant.

-are the Others sterile?

---3.16, the women on the island are not able to have kids/be pregnant.

-why doesn't Ben like Karl?

---3.9, just trying to be with his 'daughter'

--Didn't really progress the show, but interesting none-the-less (not really a flash-forward or flash-back)

****3.9 ** Jack**

-What were the tailies doing watching Jack?

-Were the tailies 'brainwashed' ala Karl?

****3.10 ** Hugo**

-What were the exact blueprints for? Definitely a road?

****3.11 *** Sayid**

-why did the Others keep Mikhail over at the communication post?

-why did Eye-Patch (Mikhail) shoot the Other girl?

-did they want Locke to win the chess match to blow up the Flame? If so, then why not just blow it up themselves?

-did the Others(AKA the "hostiles") kill most of the Dharma people?

---3.20, yes, they wiped most of them out

***3.12 *** Claire**

--Claire and Jack are related! Whoa.

-why was Jack playing football with the Others?

---3.13, the Others promised Jack that they would let him go.

-if Locke knew about the C4, why did he really want to blow up the Flame?

---3.13, Locke doesn't really want to leave the island b/c it healed him and his dad isn't there/ can't find him. He believes that communicating with the outside world is 'cheating'

-who was the great man that brought Eye-Patch man (Mikhail) to the island if not Ben?

---3.16, Jacob? -> see 3.20 for more

3.13 ***** Locke

--Locke's dad put him in the wheel chair!

-how did Locke's dad get to the island?

-did the Others bring Locke's dad to the island earlier?

-is Locke's dad the man from Tallahassee?

---X, yes.

-is there really a magic box that can have anything appear if you want it to?

--if there is a box, that would explain the random things showing up (Jack's dad, the Horse, etc) perhaps

---3.18, to find out who is pregnant

*3.17 *** Desmond

-who was the girl that fell from the helicopter?

---3.19, some girl who works for Penny

---3.23, she apparently does not work for Penny.

---3.23, she apparently does not work for Penny.

-does the girl from the helicopter work for Penny?

---3.19, yes

---3.23, she apparently does not work for Penny.

---3.20, supposedly, the sound barrier wasn't fully up.

*3.18 ** Sun

-obviously, Juliet is 'working' for Ben, but why? (re-hash of 3.16 question)

---3.21/22, seems like she's not really working for Ben (7 others killed).

--Sawyer killed Locke's dad!

-was Richard Alpert (dark hair guy) really serious about people getting frustrated with Ben?

---3.20, the fact that Juliet already told Jack of when the others are supposed to be raiding their camp.

****3.20 ***** Ben**

-is Jacob real?

---5.16-17, yes.

-if not, then how did the room shake/who did Locke hear (who said 'help me')?

---5.X/6.X, it was actually Smokey then and he was stuck behind the powder

-if so, then why can only Ben see Jacob?

---5.X/6.X, actually Ben can't see Jacob.

-if so, then why/how does Jacob need help? Did Ben somehow lock him up?

---6.X, it was the Smokey who was actually locked up (presumably by Jacob?)

-Richard Alpert (dark hair guy) lives on the island... is he immortal? Why doesn't he age?

---6.9, He came to the island then and Jacob gave him "immortality".

-how many of the 'others/hostiles' are from the original group? How many did Ben bring?

-how did Ben gain 'leadership' of the others?

-what happened to the girl that Ben liked as a kid?

--seriously, what's the point of waiting to tell everyone that the Others are planning on raiding their camp?

****3.21 *** Charlie**

-what made Ben want to go after the tent early? -> did Jacob really tell him to?

-did Desmond lie to Charlie about the switch?

---3.22, I don't think so. I just think he didn't know there were people there.

-did Juliet really know that people were down in the underwater station (The Looking Glass)? It 'seemed' like she didn't but...

---3.22, Ben lied to his people about it being flooded.

****3.22 ***** Jack**

-why can't Locke walk gone again?

-why did Juliet want to go back?

David Parker

LOST - Notes, thoughts, and questions

****3.23 *** Jack**

-*why do they want Ben?*

---4.4, Miles wants Ben to extort him for money.

---5.X, that's one of the exit points for the 'teleport' machine... so somehow a polar bear was obviously teleported.
